

HOLY FAMILY CATHOLIC PRIMARY SCHOOL

'Living, Loving, Learning as followers of Jesus Christ'

Tuesday 24th September

CODE'N'STITCH CREATIVE COMPUTING WORKSHOP

Dear Parents and Carers,

The girls in Year 6 have been invited to a Code'n'Stitch Creative Computing workshop held at Our Lady of Lourdes Catholic Primary School. The workshop will take place between 9:30 and 11:45am on the 27th September 2024.

The workshop is linked to The I Belong programme, which has recently been extended to include Key Stage 2 pupils in primary schools. This programme is designed to empower pupils in Computing throughout their formative years so they pursue careers in the field later in life. The aim of this workshop is to promote and increase the interest and opportunities for girls in Computing through coding activities linked to some of their other interests.

We will be travelling to Our Lady of Lourdes on the 49 bus, travelling from Manchester Road to Liverpool Road and walking the short distance to Our Lady of Lourdes on Grantham Road.

We ask that the children be with us by 8:45am so that we can set off in plenty of time.

If, for any reason you would not like your child to take part, please inform Miss Veevers as soon as possible via the School Office or by email at year6.hfp@schools.sefton.gov.uk

Thank you for your support

Miss Veevers

Y6 teacher
Computing Subject Leader
