

Our Vision for Art

At Holy Family we want our pupils to embrace Art and Design and hold onto and develop the experimentation and enjoyment that very young children inherently have when drawing and painting. We understand that art helps to engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art. Our school is committed to encouraging pupils' curiosity and creativity, allowing them to think critically and develop a thorough understanding of art and its place in the world, including how it reflects our history and contributes to the culture, creativity and wealth of our nation. Art is personal. It is like a view from a window – everyone's view is different. Art links our internal world to the external world and can give a voice to the voiceless. It helps us remember experiences.
